

TO: Louisiana Board of Ethics

Dear Sirs,

This letter is in reference to the late filing of my 30th Day Prior to Primary Report which was due September 30, 2015 and was not filed until October 9th, 2015. I failed to make my report on time because of my failure to understand the electronic filing requirements that have been put in place since the previous election. Once I received notice of my late filing, I immediately tried to correct the mistake. I contacted the Board of Ethics and was told I had to complete an application on line that would take several days to get a number.

I am asking the Board to please grant me a waiver or a reduced fee because of my lack of understanding of the new process. I am not very good with technology and ask you to take this into consideration. Any help you can grant me in this situation would be greatly appreciated. Thank you.

Sincerely

Johnnie J. Henderson
